Dear Josh:

I would like to have your permission and that of the publisher to reproduce a figure from one of your papers with appropriate acknowledgment in an article I am writing entitled, "Biosynthesis of Bacterial Cell Walls". I am referring to Figure 2, J. Bact. 72, 145 (1958).

Since I would like to have your approval as soon as possible, I am enclosing a carbon copy of this letter. If you are willing to let me use this figure, would you please sign this copy and return it to me? I am also sending a copy of this letter to the publisher for their approval. Thank you very much.

With best wishes,

Sincerely yours,

Jack L. Strominger
